2014 ResTeach grant. School of Geography Planning and Environmental Management. University of Queensland. AU\$10,000
2014 UQ support grant for Engagement and Internationalisation. School of Geography Planning and Environmental Management. University of Queensland. AU\$1,620
2013 ResTeach grant. School of Geography Planning and Environmental Management. University of Queensland. AU\$10,000.
2007 Research grant. Project: Business Platform for promoting innovation in the mining sector in Chile, CONYMET Ltda and The Chilean Economic Development Agency (CORFO)-INNOVA. Antofagasta, Chile. AU\$ 60,000, Project ID: 07DPN-6752.

Impact & knowledge exchange activities

Since the start of my appointment at the University of Liverpool, I have been developing an impact case on "human mobility and migration" and registered on Elements: ID: FF9D6110-C1A3-4343-9371-3F186DA01331. Focusing on the general public and policy makers, the impact activities relating to this impact case beyond academia are list below.

2018 Invitation to the Ordnance Survey to present and discuss my emerging work on evolving urban processes.
2018 Invitation to the ONS, Data Science Campus to discuss collaborative projects around the use of satellite imagery to understand human behaviour and processes.
2018 Article published on the Section Research Frontline of the Regional Studies Association Magazine. This section highlights cutting edge regional research. Establishing the extent and pace of the contemporary trend of migration decline in Europe

2018	Article published on the Conversation: Too wet? Too cold? Too hot? This is how weather affects the trips we make. The most viewed article within the first week (22,480 views). Covered by 5 media outlets: the Australian Broadcasting Corporation, The Independent, Phys.org, Flipboard Smithsonian Magazine.
2018	Invitation to join ONS Government Statistical Service Advisory Committee - advising on the use of administrative data.
2018	Invitation to join RECH Contribution Committee - advising on the development of a proposal for the Chilean government on mechanisms of contribution relating to a government postgraduate studentship programme for international studies.
2018	Article published on the International Union for Scientific Population Studies online Magazine. Internal migration and spatial de-concentration of population in Latin America.
2017	Invitation to write a United Nation Report on the impact of internal migration in Latin America (in press).
2017	Blog post: Migration of Young Human Capital on the Geographic Data Science Lab website. University of Liverpool.
2016	Government report: Attraction and Retention: Education and labour force pathways of metropolitan and regional school leavers in Victoria, Melbourne, Australia.
2016	Media release: International graduates potential source of human capital for regions. Higher Education Section. The Australian.
2016	Invitation to a Research Roundtable on educational, employment and migration pathways and outcomes of young people. Department of Education and Training, Brisbane, Australia.
2015	Collaborative grant proposal with the Department of Immigration and Border Protection, Australia.
2015	Media release: On the move: Making sense of human mobility. CONICYT. The Chilean Ministry of Education. International Relations. Issue 27.
